

Stage Directions: James the Stage Director

God is Staging His Love on many different platforms; Oakwood Baptist is one of them. God is not indifferent to how we play our roles. So, God sends us His stage directions through assistant directors he has chosen; James, the Lord's brother, is one of them. James writes down the directions OBC needs to stage Cross Theatre. They do not, in fact, actually originate with him but come from God Himself, the Playwright and Producer. One day we will all appear before God to have our performance judged and rewarded. God is speaking to us and directing our performance so that we can show and share His Love.

Staging Love! Embodying Grace!

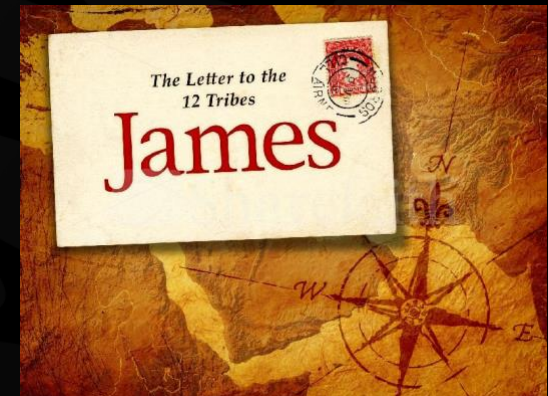

The book of James is not some helpful information to learn and then store away in your memory. Instead, give God your full attention and trust the Holy Spirit to open your understanding to really embody this in your life, your family, your community, and your church. If you don't, "Do It!" you 're not really listening to God.

Read God's Word

You can't Stage God's Love if you don't follow His stage directions. You can't follow them if you haven't read them. So, read James with your family after dinner. Listen to it on your iPhone coming home from work. Read it in different versions. Read it out loud in a secluded place. Just Read It!
